

How many contractors does it take to remodel this house?

**One. And we can also
screw in the light bulbs.**

Efficiency and craftsmanship under one roof.

Something special happens when you choose one of the nation's leading remodelers – time actually works for you. At HOM SOLUTIONS, **we handle every single aspect of the renovation process in house**, whether you simply need new paint, cabinets, or an entire remodel from floor to ceiling in every room. Since every facet of your project is handled by a HOM SOLUTIONS service professional, you can **expect a level of craftsmanship and accountability you won't find with other contractors**. In fact, our installers are certified by leading product manufacturers. And since they work for – not with – a HOM SOLUTIONS project manager, you can expect your project to stay on schedule from start to finish. Perhaps the **Better Business Bureau** can speak best for the results. They've awarded us with an **A+** company rating.

Expect everything including (or excluding) the kitchen sink.

Finally, a welcome choice for **homeowners**.

Perhaps you'd like to remodel your kitchen, the master bath, or both. Maybe you'd just like a new color scheme to bring added warmth to the foyer. HÖM SOLUTIONS is the only contractor you'll ever need. We offer an array of colors, textures and finishes that will make your home more alluring and engaging than you can imagine – at a price that works with your budget and schedule. Our project managers make sure of it.

If you're a **real estate broker** or **asset manager**, here's the way to maximize value and minimize time.

You may have an idea of the repairs your homes need before listing them – but wouldn't you rather be sure, for less expense? And wouldn't you like to have those homes ready sooner than expected? At HÖM SOLUTIONS, we also specialize in pre-sale analysis. We'll do a thorough walk-through of your properties and provide a choice of quality, cost-effective renovation options, from start to finish, that will allow you to turn your homes from liabilities into assets – without the need to consult multiple independent contractors.

Expert remodeling begins here.

Open the door to all the services you need.

Kitchens and Bathrooms

The value of kitchens and bathrooms is unmistakable to homeowners and homebuyers alike. That's why H_ŌM SOLUTIONS offers everything you need to make the most of these special rooms – including certification from the **National Kitchen and Bath Association**. We can install flooring, countertops, cabinetry, fixtures, molding, lighting and more, with diverse finishes from limestone and brushed nickel to granite and cherry wood. And our design consulting services ensure the timeliness and results you're looking for.

Doors and Windows

Wood, vinyl or aluminum; sliding or stationary; paneled or plain – H_ŌM SOLUTIONS offers door and window selections designed to fit the décor of your home, inside and out, from leading manufacturers including **Pella**® and **Anderson**®. Of course, you'll also benefit from the latest energy-saving designs.

Flooring

H_ŌM SOLUTIONS isn't just a flooring contractor, but a flooring specialist that can transform the look and feel of any room. Whether you prefer rustic or elegant, plush or polished, the choice is yours. We offer a wide selection of hardwood, carpeting, tile, and so much more – including special recognition from the **Certified Flooring Installers Organization**.

And Everything Else

H_ŌM SOLUTIONS covers residential remodeling from floor to ceiling, all under one roof. Because we understand the appreciating value of homes, we even offer a comprehensive set of maintenance and repair packages for grout and tile, carpeting, vinyl, laminate, hardwood and cabinetry.
